

## The Safety Barrier

Each team must erect a RESPECT barrier down one side of their pitch.  
Referees are not allowed to start the match until this is done.

Each barrier consists of 5 poles, and a rope. The rope and poles are stored in green bags.  
If your bag hasn't got the requisite stuff, check the other bags.

- Position one pole adjacent to the edge of the penalty area.
- Place the third at the halfway line.
- The remaining two should be placed in between the three already positioned.

**Please tie off the rope at the bottom of the end pole.**

**CORRECT →**

**← INCORRECT**

**Please ensure the rope is able to pass freely through the holder.**

**CORRECT →**

**← INCORRECT**

**Please make sure the barrier is at least two yards from the edge of the pitch.**

EVERYONE must remain behind the barrier at all times during the match unless invited forward by the Referee.  
All Parents and Supporters must remain on the opposite side to Managers and Subs.

Respect Ambassadors are requested to highlight any infringements to their team Manager for immediate action.
